

MAG INTERACTIVE

PRESS RELEASE

Stockholm, Sweden 9 December 2021

## WELCOME TO ATTEND MAG INTERACTIVE AB (PUBL)'S ANNUAL GENERAL MEETING

*MAG Interactive AB (publ) hereby gives notice of its annual general meeting to be held at MAG Interactive AB (publ)'s premises at Drottninggatan 95A, Stockholm, on Wednesday 19 January 2022 at 14:00 CET. The convention hall opens for registration to the annual general meeting at 13:30 CET.*

### Participation

Any person is entitled to participate at the annual general meeting if they

*are* either entered in the share register maintained by Euroclear Sweden AB on Tuesday, 11 January 2022 or, if the shares are registered in the name of a nominee, temporarily have registered the shares on the record date for voting rights registrations which is on Thursday 13 January 2022;

*and* have notified the company at the latest on Tuesday 11 January 2022 in one of the following ways:

- by email to [ir@maginteractive.com](mailto:ir@maginteractive.com)
- in writing to address: Roschier Advokatbyrå, Att. Tilda Rosengren, Box 7358, SE-103 90 Stockholm, Sweden

The notification must include the shareholder's name, personal ID number or company registration number, address, telephone number, and any potential assistants. Shareholders represented by proxy should submit proxy forms well in advance of the meeting.

The personal data obtained from the share register maintained by Euroclear Sweden, the notification of participation at the annual general meeting and the information regarding proxies and assistants will be used for registration, preparation of the voting register for the annual general meeting and, where applicable, minutes from the annual general meeting. The personal data will only be used for the annual general meeting 2022.

### Nominee registered shares

In order to be entitled to participate at the annual general meeting, shareholders whose shares are registered in the name of a nominee through a bank or other nominee must re-register their shares in their own names. Such voting registration, which may be temporary, must be duly effectuated no later than four banking days before the general meeting, i.e. on Thursday 13 January 2022 to be considered in preparations of the share register. Shareholders should inform their nominees well in advance of this date.

### Proxies, etc.

Shareholders who are represented by proxy must issue a proxy form for their proxy. If the proxy form has been issued by a legal entity, an attested copy of the certificate of registration of the legal entity evidencing its authority to issue the proxy form must be attached to the form. The original proxy form and the certificate of registration, where applicable, should be sent to Roschier Advokatbyrå, Att. Tilda Rosengren, Box 7358, SE-103 90 Stockholm, Sweden, well in advance of the annual general meeting. Proxy forms are available at MAG Interactive's website, [www.maginteractive.com](http://www.maginteractive.com).

## **Resolutions proposed by the board of directors**

### **Item 9 – Resolutions to allocate the company's profit or loss in accordance with the approved balance sheet**

The board of directors proposes that no dividend is paid and that the loss for the year is carried forward.

### **Item 15 – Resolution to grant the board of directors the authority to issue new shares, whether applying or disapplying pre-emption rights for the company's shareholders**

The board of directors proposes that the shareholders adopt a resolution at the annual general meeting granting the board of directors the authority, on one or more occasions, for the period until the next annual general meeting, to issue new shares, either applying or disapplying shareholders' pre-emption rights.

If the board of directors resolves to issue new shares disapplying the shareholders' pre-emption rights, the reason for this must be to implement an acquisition agreement, or, alternatively, to procure capital for such acquisition.

The number of shares issued by virtue of the authority may not exceed an increase of ten (10) per cent of the share capital based on the share capital of the company on the date of the annual general meeting.

### **Item 16 – Resolution regarding a long-term employee stock option program, issue of warrants and transfer of shares and/or warrants**

The board of directors proposes that the annual general meeting resolves on (A) a long-term employee stock option program (the "**Employee Stock Option Program 2022/2025**"), (B) issuance of warrants and (C) transfer of shares and/or warrants, in accordance with the below.

#### ***Background and rationale***

The board of directors considers it to be in the interest of the company and the shareholders that the employees of the company are made part of the company's development by being offered employee stock options in a new incentive program. The reasons for the proposal are to contribute to the possibilities to retain and attract qualified personnel and to increase motivation of the employees of the company by being involved in and working for a positive value increase of the company's shares during the period covered by the Employee Stock Option Program 2022/2025.

In light of the terms and conditions, size of allotment and other circumstances, the board of directors considers the Employee Stock Option Program 2022/2025, in accordance with the below, to be reasonable and advantageous for the company and its shareholders.

#### ***A. The board of directors' proposal for implementation of the Employee Stock Option Program 2022/2025***

The board of directors proposes that the annual general meeting of the company resolves to implement the Employee Stock Option Program 2022/2025 mainly in accordance with the following terms:

In total, the Employee Stock Option Program 2022/2025 shall consist of no more than 264,946 employee stock options, entitling to subscription for an equal number of shares, in accordance with the below.

Each employee stock option entitles the holder to

- a) acquire one (1) new share in the company against cash consideration ("**Cash Exercise**"). The acquisition of shares by way of Cash Exercise shall be done at an exercise price per share corresponding to 150 per cent of the volume-weighted average trading price of MAG Interactive AB (publ)'s share on Nasdaq First North during the period from 20 January 2022 up to and including 28 January 2022 (whereby the calculated exercise price shall be rounded to the nearest even hundredth of a krona, whereupon 0.005 krona will be rounded up), or
- b) acquire shares in the company by way of so-called cashless exercise ("**Cashless Exercise**") whereby the holder, by payment of the quota value of the shares, acquires such number of shares whose value corresponds to the market value of the total number of shares that employee stock options held entitle to, increased by the paid quota value and decreased by the total exercise price for the corresponding number of shares according to the employee stock options.

The market value per share in the above-mentioned formula in (b) shall correspond to the volume-weighted average trading price of the shares of MAG Interactive AB (publ) on Nasdaq First North during the 10 days of trading preceding the day of exercising the options.

The exercise price and the number of shares that each employee stock option entitles to may be subject to recalculation in the event of a bonus issue, split, rights issue, etc., wherein the recalculation terms in the complete terms and conditions of the warrants shall be applied.

The Employee Stock Option Program 2022/2025 shall, in accordance with the below, be offered to: (i) all employees of the company (including employees in MAG Games Ltd) as of 31 January 2022 (approximately 97 persons), excluding the company's executive management.

Participants	Total maximum number of employee stock options
Employees (excluding executive management)	264,946

Notice of participation in the Employee Stock Option Program 2022/2025 shall have been received by the company on 25 February 2022 at the latest, and the board of directors shall be entitled to extend this time period. The allotment of employee stock options to participants shall be made promptly after the expiration of the notification period. Allotment requires that the participant or the company has not terminated the employment at the time of the allotment.

The allotted employee stock options will be vested over a three-year period in accordance with the following:

- a) 1/3 of the allotted employee stock options will be vested on 1 March 2023;
- b) 1/3 of the allotted employee stock options will be vested on 1 March 2024; and
- c) 1/3 of the allotted employee stock options will be vested on 1 March 2025.

Vesting is accelerated, under certain conditions, in case of a merger in which the company is absorbed by another company or in case of a public offer for all shares in the company whereby the offeror acquires more than 2/3 of the shares in the company, including shares that the offeror or a closely related party to the offeror acquire outside, but in connection with, the offer.

Vesting requires that the participant is still employed by the company and that the employee has not terminated the employment as of the date when the relevant vesting occurs. If a participant ceases to be employed or terminates the employment before a vesting date, the already vested employee stock options can be exercised on the ordinary date of exercise in accordance with the below, but further vesting will not take place. However, if the employee's employment expires due to termination by the company for any other reason than scarcity of work (Sw. *arbetsbrist*) or termination by the company without a valid reason (Sw. *utan saklig grund*), also vested options will expire.

The employee stock options shall not constitute securities and shall not be transferable or pledgeable. However, the rights under the employee stock options are transferred to the estate in connection with the death of a participant.

The employee stock options shall be allotted without consideration.

The holders can exercise allotted and vested employee stock options during the period from and including 1 April 2025 up to and including 1 May 2023. The board of directors may, in individual cases, extend the exercise period to no later than 4 June 2025 if the holder, due to applicable rules, cannot exercise the options during the initial exercise period.

Regarding employees resident outside of Sweden, participation requires that such participation is in accordance with applicable laws, and that the board of directors, in its sole discretion, consider it to be possible with reasonable administrative and economic efforts.

The employee stock options shall be governed by separate agreements with each participant. The board of directors shall be responsible for the preparation and management of the Employee Stock Option Program 2022/2025 within the above-mentioned substantial terms.

### ***B. The board of directors' proposal for an issue of warrants***

In order to enable the company's delivery of shares under the Employee Stock Option Program 2022/2025 as well as to enable the participants' choice between Cash Exercise and Cashless Exercise, the board of directors proposes that the annual general meeting resolves to issue warrants in two series in accordance with the following:

- (i) issuance of not more than 264,946 warrants of series 2022/2025:1, free of charge, to a wholly owned subsidiary of MAG Interactive AB (publ) (the "**Subsidiary**"), as well as
- (ii) issuance of not more than 264,946 warrants of series 2022/2025:2, free of charge, to the Subsidiary.

Each warrant of series 2022/2025:1 and series 2022/2025:2 entitles the holder to subscription for one (1) share in MAG Interactive AB (publ) during the period from 1 February 2022, or the later date on which the warrants are registered, up to and including 25 July 2025. Subscription for new shares by way of exercising warrants of series 2022/2025:1 shall be made at a price per share corresponding to 150 per cent of the volume-weighted average trading price of MAG Interactive AB (publ)'s share on Nasdaq First North during the period from 20 January 2022 up to and including 28 January 2022 (whereby the calculated subscription price shall be rounded to the nearest even hundredth of a krona, whereupon 0.005 krona will be rounded up). The subscription price may not be less than the quota value of the shares. Subscription for new shares by way of exercising warrants of series 2022/2025:2 shall be made at a price per share of SEK 0.025974, which corresponds to the quota value of the shares. The exercise price and the number of shares that each warrant of series 2022/2025:1 and series 2022/2025:2 entitles may be subject to recalculation in the event of a bonus issue, split, rights issue, etc., wherein the recalculation terms in the complete terms and conditions of the warrants shall be applied. The subscription of warrants of series 2022/2025:1 and series 2022/2025:2 shall be made no later than on 8 April 2022. However, the board of directors shall be entitled to extend the subscription period. There can be no over-subscription.

If the warrants of series 2022/2025:1 and series 2022/2025:2 are exercised in full, the share capital will increase by SEK 13,763.428572. However, since the warrants are intended to secure delivery of shares in the Employee Stock Option Program 2022/2025 as well as enable the participants' choice between Cash Exercise or Cashless Exercise, the Subsidiary will not exercise more than 264,946 warrants (of either series), which corresponds to the maximum number of employee stock options in the Employee Stock Option Program 2022/2025, entailing that the company's share capital will not increase by more than SEK 6,881.714286 if the Employee Stock Option Program 2022/2025 is exercised in full.

### ***C. The board of directors' proposal for approval of transfer of shares and/or warrants***

The board of directors proposes that the annual general meeting resolves to approve that the Subsidiary may transfer shares and/or warrants of series 2022/2025:1 and series 2022/2025:2 to the participants in the Employee Stock Option Program 2022/2025 in connection with the exercising of the employee stock options in accordance with the terms set out in section A.

### ***Dilution effect, market value, costs, etc.***

The board of directors' proposal to resolve on issuance of warrants entails a dilution effect corresponding to a maximum of approximately two per cent of the shares and votes in the company if the proposed warrants are exercised in full. However, since the warrants are intended to secure delivery of shares in the Employee Stock Option Program 2022/2025 as well as enable the participants' choice between Cash Exercise or Cashless Exercise, the Subsidiary will not exercise more than 264,946 warrants (of either series), which corresponds to the maximum number of employee stock options in the Employee Stock Option Program 2022/2025, entailing a maximum dilution effect of approximately one per cent. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current

number of shares and the additional shares that the warrants will be exercised for. As presented above, in section B, the maximum number of warrants will not have to be exercised in order to enable the company to deliver the shares in the Employee Stock Option Program 2022/2025. Residual warrants will be cancelled and as such not result in any dilution effect for the shareholders.

The Employee Stock Option Program 2022/2025 is expected to have only marginal effects on the company's key ratios.

The board of directors' assessment is that the Employee Stock Option Program 2022/2025 will trigger costs mainly related to administration, accounting salary costs and social security contributions.

The total costs for administration are estimated to amount to approximately SEK 200,000.

The employee stock options do not have a market value since they are not transferable. However, the board of directors have calculated a theoretical value of the employee stock options in accordance with the Black & Scholes valuation formula. Based on an, from the time of the board of directors' proposal, unchanged share price of SEK 30, an assumed volatility of 40 per cent, risk free interest of -0.3 per cent, dividend yield of 0 per cent and illiquidity discount of 20 per cent, the value of the employee stock options in the Employee Stock Option Program 2022/2025 is according to this formula approximately SEK 5.05 per employee stock option. The transfer restrictions have not been taken into consideration in this valuation. Assuming that 100 per cent of the employee stock options in the Employee Stock Option Program 2022/2025 will be vested, the accounting costs for the options are calculated to amount to approximately SEK 1,338,000 during the period 2022–2025, based on the option's actual value at the start of the program.

The total costs for social security contributions during the vesting period will depend on the number of employee stock options that will be vested and the value of the benefit that the participant will receive. When assuming that 100 per cent of the employee stock options will be vested and with an assumed exercise price of SEK 45 and an assumed share price of SEK 30 when the options are exercised, the total costs for social security contributions will amount to approximately SEK 525,000. The costs for social security contributions will be recognised during the vesting period based on the value changes of the stock options.

All of the above calculations are preliminary and aim only to present an example of the potential costs that the Employee Stock Option Program 2022/2025 may incur. Actual costs may therefore deviate from the above calculations.

### ***Previous incentive programs in MAG Interactive AB (publ)***

The company currently has two ongoing warrant programs and three ongoing employee stock option programs for key employees and other employees. These previously approved incentive programs are, together with the Warrant Program 2022/2025 (item 17), and Employee Stock Option Program 2022/2025, expected to entail a dilution of approximately 7.96 per cent of the total number of outstanding shares if all outstanding and proposed warrants are exercised in full. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current number of shares and the additional shares that the warrants will be exercised for. The costs of the incentive programs are expected to amount to approximately SEK 1.4 million in total. For a more detailed description of the company's other share

related incentive programs, reference is made to the annual report for the financial year 2020/2021.

### ***Preparation of the proposal***

The proposal has been prepared by the board of directors together with external advisors.

### **Item 17 – Resolution regarding a long-term warrant program and issue of warrants**

The board of directors proposes that the annual general meeting resolves on a long-term warrant program ("**Warrant Program 2022/2025**") and issuance of warrants, in accordance with the below.

### ***Background and rationale***

The board of directors considers it to be in the interest of the company and the shareholders that certain members of the executive management of the company are made part of the company's development by being offered warrants in a new incentive program. The reasons for the proposal are to contribute to the possibilities to retain and attract qualified personnel and to increase motivation for the executive management of the company by being involved in and working for a positive value increase of the company's shares during the period covered by the Warrant Program 2022/2025.

In light of the terms and conditions, size of allotment and other circumstances, the board of directors considers the Warrant Program 2022/2025, in accordance with the below, to be reasonable and advantageous for the company and its shareholders.

It is the board of directors' intention to, at the time of exercise of the warrants, resolve to offer the participants of the Warrant Program 2022/2025 a cashless exercise by way of a buy-back of warrants.

### ***The board of directors' proposal for implementation of the Warrant Program 2022/2025 and issue of warrants***

The board of directors proposes that the annual general meeting of the company resolves to issue warrants and implement the Warrant Program 2022/2025 mainly in accordance with the following terms:

In total, the Warrant Program 2022/2025 shall consist of no more than 264,946 warrants. Therefore, the board of directors proposes that the annual general meeting resolves to issue no more than 264,946 warrants of series 2022/2025:3.

The right to subscribe to no more than 264,946 warrants in Warrant Program 2022/2025 shall, in accordance with the below and with deviation from the shareholders' pre-emption rights, be granted to the participants in the Warrant Program 2022/2025, which comprises of the company's executive management and certain members of the executive management in the company's subsidiary Sventertainment AB, however excluding the founders of MAG Interactive AB (publ) (Daniel Hasselberg and Kaj Nygren).

Each warrant of series 2022/2025:3 entitles to subscription for one (1) share in MAG Interactive AB (publ) during the period from 1 April 2025 up to and including 2 June 2025. Subscription for new shares by way of exercising warrants of series 2022/2025:3 shall be made at a price per share

corresponding to 150 per cent of the volume-weighted average trading price of MAG Interactive AB (publ)'s share on Nasdaq First North during the period from 20 January 2022 up to and including 28 January 2022 (whereby the calculated exercise price shall be rounded to the nearest even hundredth of a krona, whereupon 0.005 krona will be rounded up). The subscription price may not be less than the quota value of the shares. The subscription price and the number of shares that each warrant of series 2022/2025:3 entitles may be subject to recalculation in the event of a bonus issue, split, rights issue, etc., wherein the recalculation terms in the complete terms and conditions of the warrants shall be applied. If the warrants of series 2022/2025:3 are exercised in full the share capital will increase by SEK 6,881.714286. Subscription and payment of the warrants shall take place on 11 February 2022. However, the board of directors shall be entitled to extend the subscription and payment period. There can be no over-subscription.

The warrants of series 2022/2025:3 shall be issued at a subscription price corresponding to the market value, calculated in accordance with the Black & Scholes valuation formula by an independent valuation firm appointed by the company, Svalner Skatt & Transaktion, immediately after the expiration of the measurement period on 28 January 2022. An example calculation according to the Black & Scholes formula based on an unchanged share price of SEK 30 result in a value of SEK 5.05 per warrant, whereby the following input have been used in the Black & Scholes calculation:

Exercise price:	SEK 45 (150% of the share price of SEK 30)
Risk-free interest:	-0.3%
Volatility:	40%
Duration (years):	3
Dividend yield:	0%
Illiquidity discount:	20%

The above calculation is only an example and the warrant value according to the final calculation that will be carried out by Svalner Skatt & Transaktion immediately after the expiration of the measurement period on 28 January 2022 may deviate from the above.

The warrants shall be governed by separate agreements between each participant and the company (or a subsidiary designated by the company). In the agreement, the participant undertakes to only exercise held warrants during the period from 1 April 2025 up to and including 1 May 2025, whereby the board of directors may, in individual cases, extend the exercise period up to and including 2 June 2025 if the participant, due to applicable rules, cannot exercise the warrants during the initial exercise period. In the agreement, the company also reserves the right to, under certain conditions, purchase the warrants from the participant if the participant's employment or assignment within the company terminates or if the participant wishes to transfer the warrants. Such purchase shall be made at the lower of the cost of acquisition of the warrants or the market value of the warrants. With the exception of purchases in connection with dismissal from employment (Sw. *avskedande*) or termination due to personal reasons (Sw. *uppsägning av personliga skäl*), the right of the company to purchase the warrants expires on 31 March 2025, or, under certain conditions, at an earlier date in case of a merger where the company is absorbed by another company or in case of a public offer for all shares in the company. The agreements will otherwise contain customary terms wherein some minor differences may occur due to national legal requirements.

The board of directors shall be responsible for the preparation and management of the Warrant Program 2022/2025 within the above-mentioned substantial terms.

### ***Dilution effect and costs, etc.***

The board of directors' proposal to resolve on issuance of warrants entails a dilution effect corresponding to a maximum of approximately one per cent of the shares and votes in the company if the proposed warrants are exercised in full. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current number of shares and the additional shares that the warrants will be exercised for. The Warrant Program 2022/2025 is expected to have only marginal effects on the company's key ratios.

The board of directors' assessment is that the Warrant Program 2022/2025 will trigger costs mainly related to administration. The board of directors' assessment is that the Warrant Program 2022/2025 will not trigger any costs related to social security.

The total costs for administration are estimated to amount to approximately SEK 200,000.

### ***Previous incentive programs in MAG Interactive AB (publ)***

The company currently has two ongoing warrant programs and three ongoing employee stock option program for key employees and other employees. These previously approved incentive programs are, together with the Employee Stock Option Program 2022/2025 (item 16), and Warrant Program 2022/2025, expected to entail a dilution of approximately 7.96 per cent of the total number of outstanding shares if all outstanding and proposed warrants are exercised in full. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current number of shares and the additional shares that the warrants will be exercised for. The costs of the incentive programs are expected to amount to approximately SEK 1.4 million in total. For a more detailed description of the company's other share related incentive programs, reference is made to the annual report for the financial year 2020/2021.

### ***Preparation of the proposal***

The proposal has been prepared by the board of directors together with external advisors.

## **Resolutions proposed by the Nomination Committee**
